Notes <ul style="list-style-type: none"> • About one-third to one-quarter of Wagner's graduates report employment experience to TEACH. • Public schools include both public and charter schools. 		Notes <ul style="list-style-type: none"> • Survey was sent to 44 graduates from 2016 and 2017. 13, or 30%, responded. • 9 (20%) responded about license area; 7 (16%) responded about specific school. 	

Notes:

- All data are self-reported.

Highlights:

- Most Wagner graduates who report their employment experience—either to the state or to Wagner via a survey—report teaching in their license area and teaching in public schools.
