Moodle Survival Guide – Logging into Moodle

Introduction: This guide will inform the user on how to log into Moodle 2.5.

I.   **Accessing Moodle 2.5**
   You can access Moodle in two ways:

1. The first way you can access Moodle is by typing "www.wagner.edu" into your browser, then click **Quicklinks**, and lastly select **Moodle 2.5**
      NOTE: When accessing Moodle from your browser, we recommend using Mozilla Firefox or Google Chrome.
2. The second way you can access Moodle is by typing "moodle.wagner.edu" into your browser.
      NOTE: Make sure you do not put "www." in your address bar or it will not work
      - This will bring you to the homepage of Moodle. Once you are on the Moodle homepage, use your **All Access Pass** information to access your account. The **All Access Pass** is the same credentials that you would use to access your **Wagner email**.
