

## LETTER OF REFERENCE RELEASE

I understand that as a student at Wagner College interested in pursuing a career in the health-care field that I will need to request letters of recommendation. I understand that for a candid and honest evaluation, the contents of the letters of recommendation will be held in confidence from both the public and myself by the Pre-Professional Health Advisory Committee and by any professional schools which require the letters, to the extent permitted by law.

I have read the Wagner College Pre-Professional Health Advisory Guide, and fully understand the ramifications of signing this release.
