

# INTRODUCING A NEW PAYMENT OPTION FROM CSC SERVICEWORKS:

The **MicroPayments Garden Style (GS)** system is the newest, easiest way to let you leave the quarters behind and use something you always have with you - your smartphone.

1. **Download the GS app** to your smartphone.
2. **Register**, set up a payment profile, and use your credit/debit card to store funds on the app.
3. **Take your phone to the laundry room** and turn on your Bluetooth. The app will look for the available machines.
4. **Select an available machine** and pay for a cycle using your **VISA**  credit/debit card.
5. **Receive a text message** when your laundry is done!

Brought to you by Heartland Micropayment Systems and CSC ServiceWorks.
