I \_\_\_\_\_ understand the following terms of the Double Room Buyout:  
(Full Name)

- The cost for a double room buyout will be added to my account. This cost reflects the charge of a traditional single room plus \$100 per week. Students approved for medical placements will be charged the cost of a traditional double room plus \$100 per week.
- The double room may be arranged to my liking; however, I cannot remove any college-issued furniture.
- The double room buyout is valid for one semester and will default to an open double room at the end of each semester.
