Get Connected

Wireless Setup

***DO NOT** use wireless APs, routers, or network switches, they are prohibited and may be confiscated if seen on our network.*
Printers must have their wireless features turned off, you must print via USB cable
You will not need to put "@wagner.edu" when logging in to any of the online portals

Windows: Click on the Wi-Fi icon (located on the bottom right-hand) and choose "**Wagner-WiFi**", when asked to login enter your Onelogin username and password. [Don't include @wagner.edu]

Mac: Click on the Wi-Fi icon (located on the toolbar) and choose "**Wagner-WiFi**", when asked to login enter your Onelogin username and password. [Don't include @wagner.edu]

IPhone: In the Settings, go to "Wi-Fi" and select "Wagner-WiFi". When prompted enter your Onelogin username and password. [Don't include @wagner.edu] Once you have entered your login information correctly, accept (Trust) the security certificate.

Chromebook / Android: In the Settings, go to "Wi-Fi" and select "**Wagner-WiFi**". Enter these configuration options: EAP Method; *PEAP*, Phase 2 Authentication; *MSCHAPV2*, CA Certificate (if an option); *Do Not Validate*. Put your Onelogin username in the Identity field, skip the Anonymous Identity field, and enter your Onelogin password in the password field. [Pixel-> CA Certificate : *Use system certificates* ; Online Certificate Status: *Do not validate* & **Domain: *wc-ias2.wagner.edu***]

*Note: Connect to **wagner-wifi-V2** where available*

TV/Media Streaming Device/ Game Console: Smart devices no longer need to be registered. Simply connect your device to Wagner-devices and use the preshared key: **Seah@wks23**
https://wagner.edu/it/help-desk/streaming-device-mac-address/

Note: DO NOT connect laptops, computers, tablets or mobile phones to wagner-device(s). This network is restricted, and not all services are available. *For additional assistance call the IT Help Desk at 718-390-3410 or visit us at our office in the basement of the Horrmann Library across from Trautmann Square*
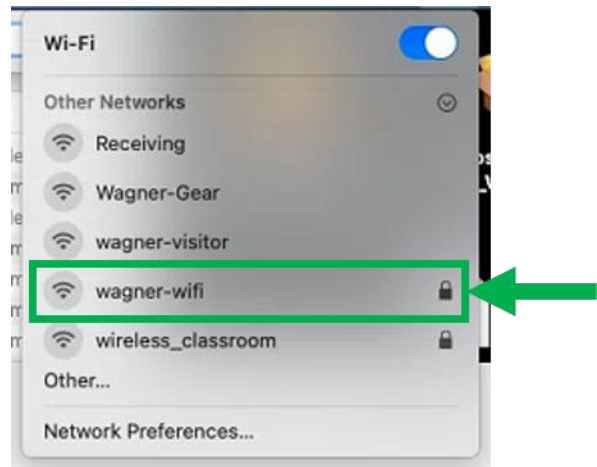

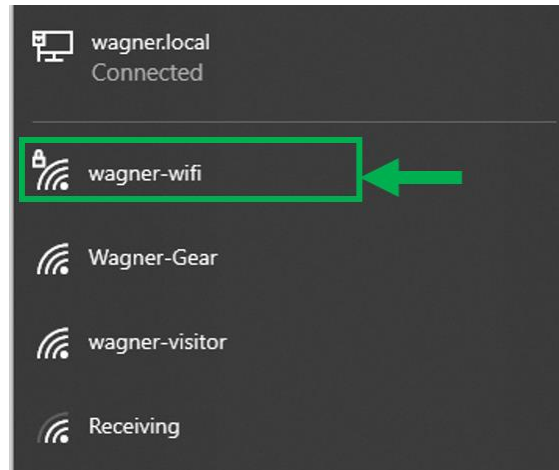

Connecting to Wagner-WiFi

Go to your Network Settings
and select "**Wagner-WiFi**"
from the list of networks.

*Note: Connect to **wagner-wifi-V2** where available*

After selecting Wagner-WiFi,
you will get a pop-up box.

Enter your ==***Onelogin*** username== ==and password== in the
available field from the pop-up & Trust/confirm.
